

The Freshest Pick
from Nature's Best

This has been the

secret since 1896.

The secret to every great meal starts with selecting the best ingredients. Ingredients that have been nurtured, harvested, prepared and packaged with the utmost care and consideration.

To get the juiciest fruits and most nutritious vegetables, we brought together the ripe-friendliest conditions. Conditions such as working with Mother Nature to nourish our produce with the right amount of nutrients, sunshine and rainfall, and working with the best planters and harvesters, in providing ample attention, care and consideration.

With all this effort, it doesn't matter whether you're a chef in a hotel or one at home. Every great chef knows the secret to a great meal starts with great ingredients.

When only the best will do, select S&W!

SINCE 1898
